Certification Examination Applications

Revised 1/2023
The NNCC continues to regularly collect data through national American Nephrology Nurses’ Association (ANNA). In addition, examinations are endorsed by the Nurse - Nurse Practitioner (CNN-NP) examination was created to test entry-level nephrology nurses practicing at a proficient level. The Certified Nephrology Nurse (CNN) examination was created to test entry-level nephrology nurses practicing at a proficient level. The Certified Dialysis Nurse (CDN) examination was created to test the broad scope of nephrology nursing practice at a competency level in the dialysis setting. The Certified Clinical Hemodialysis Technician (CCHT) examination, is endorsed by ANNA and NANT, and is regularly updated using national data from job surveys.

The NNCC, as an examination board, was asked to administer the test and certify hemodialysis technicians for initial competencies in knowledge, skills, and abilities. The test, known as the Certified Clinical Hemodialysis Technician (CCHT) examination, is endorsed by ANNA and NANT, and is regularly updated using national data from job surveys.

The Certified Dialysis – Licensed Practical Nurse/Vocational Nurse (CD-LPN/LVN) exam. Both exams were offered beginning October 2012.

The Center for Nursing Education and Testing (C-NET) was chosen by the NNCC to provide testing and evaluation services to meet nephrology nursing's assessment needs. The NNCC and C-NET conduct practice analyses of nephrology nursing practice and job analyses of hemodialysis technicians. Collaboratively, NNCC and C-NET develop and administer examinations to nephrology caregivers.

The NNCC believes that the attainment of a common knowledge base, utilization of the nursing process, and a predetermined level of skill in the practice setting are required for practice in nephrology nursing. Certification exists primarily to benefit the public, and the NNCC believes that nurses and technicians providing care to patients with kidney disease should demonstrate a minimum level of knowledge, skills, and abilities. Certification also provides professional recognition for these achievements. The Commission recognizes the value of education, administration, research, and clinical practice in fostering personal and professional growth and provides examinations to validate this performance.

The American Board of Nursing Specialties (ABNS), established in 1991, is a not-for-profit, membership organization focused on consumer protection and improving patient outcomes by promoting specialty nursing certification. The Accreditation Board for Specialty Nursing Certification (ABSNC), formerly the ABNS Accreditation Council, is the only accrediting body specifically for nursing certification. ABSNC accreditation is a peer-review mechanism that allows nursing certification organizations to obtain accreditation by demonstrating compliance with the highest quality standards in the industry.

The NNCC is a charter member of the ABNS and the Certified Nephrology Nurse (CNN) certification program was one of the first national certification programs to be recognized and accredited.
Deadlines, Cancellations, and Rescheduling

Submissions for Computer-Based Testing (CBT)

Deadlines

There is no submission deadline for the CBT format.

Refunds

Applicants requesting a refund must first cancel any scheduled exam date previously booked with the computer–based testing agency. Written refund requests must be submitted by the payee and received by NNCC no later than two (2) weeks prior to the close of the 90-day testing window printed on the permit. Refund requests received after this time will not be considered. A refund request must include the applicant's full name, the last four digits of the social security number and the name of the exam being cancelled or the request will not be considered. Refunds are issued minus an application processing fee and any other non-refundable fees.

Reschedule Requests

To reschedule a CBT exam, the applicant must contact the computer-based testing agency by calling the number provided on the CBT examination permit no less than 48 hours prior to the scheduled exam. Reschedule requests or cancellations made less than 48 hours prior to the scheduled exam will not be accepted, and the applicant must either test as scheduled or be considered a ‘no-show.’ No-show applicants may still qualify for a 90-day extension, but the applicant must contact C-NET in writing before the close of their 90-day testing window. A 90-day extension fee will apply.

C-NET
35 Journal Square, Suite 901
Jersey City, NJ 07306

Special 90 Day Permit Extension

For more information regarding 90-day extension, see the section of this brochure titled, “Examination Permit”

Change of Name and Address

The applicant will not be able to request a name change after the examination permits have been issued. The name that the applicant used on the certification examination application form is the name that is submitted to the Center for Nursing Education and Testing (C-NET) for test administration.

When the applicant appears at the test site, the name on the examination permit must match the other forms of identification. The applicant will not be allowed to sit for the examination without proper identification.

If an applicant changes his or her name and/or address, the Nephrology Nursing Certification Commission (NNCC) should be notified in writing, by fax, or by email.

Please Note: NNCC and C-NET must determine that the applicant name and the name provided in any and all supporting documentation (i.e. high school diploma, transcript etc.) does, refer to one and the same person. If this is not evident, you must include proof of a legal name change when submitting an application.

Disability Accommodations

NNCC and C-NET will make special testing arrangements to accommodate applicants with the following special needs:

- Documented disabilities that interfere with test taking (e.g., reading or learning disorders)

If you wish to make such arrangements you must notify C-NET in writing. Attach the request to the front of your application. C-NET will review your request and contact you regarding the special accommodation process. Please allow up to ten weeks to accommodate your request.

Examination Permit

Computer-Based Test (CBT)

Upon approval of an examination application, the applicant will receive an examination permit by email.

The permit will include a link that the applicant must use to schedule the exam at the computer-based testing location of choice. The computer-based testing agency will send a follow-up email to the applicant confirming the exam site, date, and time that the applicant has chosen.

If the applicant does not receive an examination permit within 4 - 6 weeks of submission, notify C-NET by calling 800.463.0786.

- Substitution of an applicant cannot be made and no such request will be honored.

The examination permit will remain active for a period of 90 days (from the date of issue). The applicant must test within the 90-day window printed on the permit. If the applicant does not test by the end of the 90-day window, both the examination permit and exam application will expire. The applicant must then submit a new application and fee for the exam before being allowed to test.

Special Permit Extension

C-NET will grant a 90-day extension to untested applicants who require a new 90-day window. Only one 90-day extension will be granted per qualifying applicant. Applicants requesting a 90-day extension must contact C-NET in writing before the close of the 90-day testing window. A 90-day extension fee will apply.

Certification Examination Applications
Preparation for the Examination

Please see NNCC website (www.nncc-exam.org) for the current reference list and a certification preparation guide can be found under CDN: Prepare for the CDN Exam.

The NNCC does not offer contact hours or review courses. Continuing education activities are available on various websites, such as:

- www.annanurse.org
- www.kidney.org
- www.dialysisitech.net

Examination Objectives

1. Recognize pathologic processes and complications that occur in renal failure and/or treatment modalities.
2. Select interventions appropriate to the pathologic processes and complications that occur in kidney failure and/or treatment modalities.
3. Apply physiologic and technical principles of renal replacement therapies.
4. Select appropriate teaching/learning strategies to educate client, family, other health professionals and the public.
5. Select appropriate actions in administering medication(s) to the patient being treated for kidney disease.
6. Recognize the importance of an interdisciplinary approach to promote optimum functioning.
7. Select interventions appropriate to the psychological and sociocultural effects of kidney disease.
8. Apply principles of infection control.
9. Recognize the importance of professional nursing practice in promoting patient outcomes (e.g., consultation, staff development, quality improvement, and research).

Materials to Bring to the Examination

Applicants arriving at the examination site must present the following to the proctor when checking in:

- A photo and signature bearing government issued identification card, (e.g., applicant's driver's license)
  - Applicants who appear without photo identification will not be permitted to sit for the examination.
  - Photo ID must be current and permanent. Temporary ID cards cannot be accepted.

  The name appearing on the applicant's photo identification card must be the same as the name appearing on the examination permit.

  Reference books, notes, or other study materials may not be brought into the examination room. Examination questions do not include calculations that require a calculator. Personal belongings must be placed away from the examinee's immediate testing area. All cell phones, pagers and other communication devices must be turned off and put away.

Taking the Examination

The certification examinations are multiple-choice tests. It is important to read each question carefully and choose the one answer that you think answers the question correctly. There is no penalty for guessing, so an educated guess is appropriate if you are unsure of the answer. Three (3) hours are allotted to complete the examination.

Inappropriate Behavior During the Examination

The performance of all examinees will be monitored. Any examinee who gives or receives assistance, or otherwise engages in dishonest or improper behavior during the examination, may be required to cease taking the examination and leave the examination site. The examination manager will notify the C-NET office of any inappropriate behavior. The C-NET personnel will then notify the NNCC Executive Director.

After reviewing a reported incident, the NNCC will determine whether there is reason to allow the individual to retake the examination, refuse to release test results, or revoke the individual's eligibility to sit for future examinations.

Any individual who removes or attempts to remove materials from the examination site, or who discloses, reproduces, distributes, or otherwise misuses a test question from a certification examination, may face legal action.
### Examination Results and Notification

**Computer-Based Exam**

Applicants taking a computer-based test will receive a score immediately upon completion.

- A total score will be provided for examinees who successfully pass the examination.
- Approximately 74% of the test items must be answered correctly to receive a passing score.
- A total score and sub scores in all the major test areas of concentration will be provided for examinees who do not pass the examination.

**Confidentiality**

To ensure the security of the examination, the test materials are confidential and will not be released to any person or agency. An applicant’s individual test results will be released only upon the applicant’s written request. The NNCC reserves the right to post a successful applicant’s name and certification expiration date on the NNCC website. Names are posted by state of residence.

**Recognition of Certification**

Certification is awarded to those who successfully complete the certification process by meeting the eligibility criteria and passing a written multiple-choice examination. The designated credential is Certified Dialysis Nurse (CDN) and is valid for three (3) years from the last day of the month in which the certificant passed the examination. The credential may be used in all professional activities and correspondence.

**Wall Certificate and Wallet Card**

The NNCC will mail out to all successful examinees a packet containing a wall certificate suitable for framing and a wallet card displaying an expiration date. Only one wall certificate will be issued; however, a new wallet card will be provided after each successful recertification.

### Denial/Revocation of Certification

The occurrence of any of the following actions will result in the denial, suspension, or revocation of the certification:

- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Any restrictions such as revocation, suspension, probation, or other sanctions of professional RN license by nursing authority
- Misrepresentation of certification status
- Cheating on the examination
- Applicable state and/or federal sanctions brought against the applicant

The NNCC reserves the right to investigate all suspected/reported violations and, if appropriate, notify the individual’s employer/State Board of Nursing. The applicant will be notified in writing of the NNCC’s decision(s)/action(s).

### Appeal Process

An applicant who has been denied certification or had certification revoked has the right of appeal. This appeal must be submitted in writing to the President of the NNCC within thirty (30) days of notification. The appeal shall state specific reasons why the applicant feels entitled to certification. At the applicant’s request, the President shall appoint a committee of three (3) NNCC members who will meet with the applicant and make recommendations to the NNCC. The committee will meet in conjunction with a regularly scheduled NNCC meeting. The applicant will be responsible for his/her own expenses. The final decision of the NNCC will be communicated in writing to the applicant within thirty (30) days following the NNCC meeting. Failure of the applicant to request an appeal or appear before the committee shall constitute a waiver of the applicant’s right of appeal.

### Reapplication Procedure

If an applicant does not pass the examination, he/she has one opportunity within one year to retake the examination at a reduced rate. Information on reexamination is included with your exam results.
Certification Examination Application

Certification Examination Applications

Prepare for the CDN Examination.

Scan this code to download the CDN Certification Preparation Guide using your smart phone or tablet.
CDN U.S. Eligibility Criteria

1. The applicant must hold a current, full, and unrestricted license as a registered nurse in the United States or its territories.
2. The applicant must have completed a minimum of 2000 hours experience as a registered nurse in nephrology nursing caring for patients who require or may require dialysis, or educating/supervising staff who care for patients who require or may require dialysis within the two (2) years prior to submitting the exam application.
3. The applicant must have completed twenty (20) contact hours of approved continuing education in nephrology nursing within the two (2) years prior to submitting the exam application.

Continuing education must be approved by one of the following:
- Organizations accredited by the American Nurses' Credentialing Center – Commission on Accreditation (ANCC-COA), the credentialing body of the American Nurses Association
- For example, The American Nephrology Nurses’ Association (ANNA), which is both an accredited provider and approver of continuing education in nursing
- The American Association of Critical-Care Nurses (AACN)
- The Council of Continuing Education
- All State Boards of Nursing*

* Please be aware that although programs meet requirements set forth by other state boards of nursing, they may not meet the Nephrology Nursing Certification Commission criteria.

CDN International Eligibility Criteria

1. The applicant must hold a current, full and unrestricted license as a first-level general nurse in the country in which one's general nursing education was completed.
2. The applicant must meet the eligibility criteria for licensure as a registered nurse (RN) in the United States in accordance with requirements of the Commission on Graduates of Foreign Nursing Schools (CGFNS).
3. The applicant must have completed a minimum of 2000 hours experience as a licensed nurse in nephrology nursing caring for patients who require or may require dialysis or educating/supervising staff who care for patients who require dialysis with the two (2) years prior to submitting the exam application.
4. The applicant must have completed twenty (20) contact hours of continuing education in nephrology with the two (2) years prior to submitting the exam application.

No individual shall be excluded from the opportunity to participate in the NNCC certification program on the basis of race, ethnicity, national origin, religion, marital status, gender, sexual orientation, gender identity, age or disability.

CDN Examination Application Instructions

1. Complete all sections of the application. Be sure to include the last four (4) numbers of your social security number, since it will serve as your identification number.
2. Make certain your immediate supervisor completes the section on employment verification.
3. Attach to your application copies of continuing education certificates to total twenty (20) nephrology related contact hours.
4. Attach to your application a photocopy of your current RN license. (If you are unable to obtain a photocopy of your license, submit a letter or printout from your state board of nursing verifying your licensure with license number and date of expiration).
5. Attach a copy of your current, government issued photo ID.
6. Attach a copy of your current ANNA, ASN, NKF or NOVA membership card if applicable.

Note: If the name on any of the above documents does not match your current name, proof of name change must be submitted.

Examination permits will be issued only to those applicants with complete applications.

Revised April 2018
Valid and reliable tests do not arise spontaneously from item writers. They are carefully planned. A test has a specific blueprint, or test plan, which identifies what content needs to be included on the test. In addition, there is a list of the key content or activities performed by nurses. Both the blueprint and the key content/activities serve as item-writing guides or "test specifications" for the item writers.

Where do these test specifications come from? The content of the CDN examination is based on a practice analysis survey of nurses that identifies the key tasks/activities performed by dialysis nurses. A national task force is brought together to plan the survey content. This task force includes nurses, as well as clinical educators and clinical managers of nurses. Following data collection, the task force reviews the survey results and makes recommendations for the CDN test specifications, or blueprint. Most importantly, a job analysis is performed every five years to be sure the test reflects current practice and is kept up to date.

The group that oversees CDN test development is the NNCC Nurse Examination Board, which is made up of nephrology/dialysis nurses. There is also a CDN Test Committee that writes the actual test questions. Item writers, who are certified dialysis nurses from a variety of geographic and practice settings, write test questions to meet the CDN blueprint requirements. Members of both the Nurse Exam Board and the Test Committee are considered "content experts" concerning the knowledge and skills needed by nurses for safe practice.

Each question on the test can be linked directly to the tasks/activities in the job analysis survey. The Test Committee meets in person twice a year to review, evaluate, and write test questions. To be certain that the test content is accurate, all questions are supported, using the Contemporary Nephrology Nursing textbook, and other references.

The test, now in exam form, consists of 150 questions that match the test blueprint. About 25 of the questions are new experimental or "pilot" questions that are not scored. Pilot testing of new questions allows for the evaluation of questions to determine if they are valid before they become scored questions.

The passing score, or cut score, of the test is determined by a panel of nurses who serve as subject matter experts (SMEs). Both experienced and newly certified nurses serve on this panel. This group performs a standard setting procedure (Angoff) in which each test question is reviewed to determine its level of difficulty. Finally, the passing score is determined. It is based on the SME panel's estimation of the level of difficulty required to identify individuals who have an acceptable level of knowledge and skill. Therefore, each candidate's test score is measured against a predetermined standard, not against the performance of other test takers. A score of about 74% correct is required to pass the CDN examination.
Examination Application

1. CBT (computer based testing)
   - Postmark applications at least four (4) weeks prior to date you wish to test.
   - If approved, you will receive a permit/letter with instructions on how to schedule an exam by appointment.

2. Application fee (check ALL that apply):
   - $300 ANNA / NOVA / ASN / NKF Member
   - $350 Non-member
   - $50 Expedited Review fee*
   * (Expedited applications are reviewed within 1 – 3 business days)

3. Payment method (check one):
   - Check or money order (payable to NNCC)
   - Charge my credit card

4. Name

5. Last 4 digits of social security number _____________  E-mail ___________________________________________

6. Date of Birth _______ / _______ / _______ (month/day/year)

7. Home/mailing address

8. Personal phone ____________________________  Work phone ______________________________

9. RN license: State ____________________________ Permanent number: ____________________________

10. Date originally licensed as an RN ________________________ RN license expiration date _______________________

11. Years of experience as an RN in nephrology nursing: _________ years _______months

12. Have you been employed as an RN in nephrology nursing at least 2,000 hours in the past two (2) years? ☐ Yes ☐ No

13. Highest level of education completed (choose one):
   - Diploma
   - Associate Degree – Nursing
   - Associate Degree – Other
   - Bacalaureate Degree – Nursing
   - Bacalaureate Degree – Other
   - Master's Degree – Nursing
   - Master's Degree – Other
   - Doctorate

Employment History:
Begin with your present employer. Only nephrology-related positions during the past five (5) years need to be documented. Please do not send resumes. (Use a blank sheet of paper if additional space is needed).

The occurrence of any of the following actions will result in the denial, suspension, or revocation of the Certification:

- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Any restrictions such as revocation, suspension, probation, or other sanctions of professional RN license by nursing authority
- Misrepresentation of CDN status
- Cheating on the CDN examination
- Applicable state and/or federal sanctions brought against the applicant

APPLICANT — PLEASE READ AND SIGN THE STATEMENT OF UNDERSTANDING BELOW:
I hereby attest that I have read and understand the Nephrology Nursing Certification Commission (NNCC) policy on denial, suspension, or revocation of certification and that its terms shall be binding on all applicants for certification and all Certified Dialysis Nurses for the duration of their certification. I hereby attest that I have read and agree to the Deadlines, Cancellations, and Rescheduling policy found on page 4 of this application booklet. I also hereby attest that I have read, understand, and agree to abide by the policies stated on the NNCC website and in the most current Certification Application Booklet.

I hereby apply for certification offered by the NNCC. I understand that certification depends upon successful completion of the specified requirements. I further understand that the information obtained in the certification process may be used for statistical purposes and for evaluation of the certification program. I further understand that the information from my certification records shall be held in confidence and shall not be used for any other purpose without my permission; however, upon passing the examination, the NNCC reserves the right to publish my name and certification expiration date by state on the NNCC website. To the best of my knowledge, the information contained in this application is true, complete, correct, and is made in good faith. I understand that the NNCC reserves the right to verify any or all information on this application.

CDN Application Checklist

Did you remember to ✓

- Complete the CDN examination application in its entirety?
- Attach clear copies of contact hour certificates to total 20 contact hours specific to nephrology?
- Attach a copy or a verification of your current RN license, with the expiration date clearly visible or a letter or printout from your state board of nursing verifying licensure with license number and date of expiration?
- Attach proof of name change if applicable?
- Include a check, money order, or credit card authorization form for the appropriate fee?
- Have your employer complete his/her portion of the application?
- Sign and date the application?
- Keep a copy of the application and supporting documents for your records?
- Include documentation for your current ANNA, ASN, NOVA, or National Kidney Foundation (NKF) membership if applicable.
- Include a copy of your current, government issued photo ID?

Note: Examination permits are issued only to applicants with completed, approved applications

Contact hour certificates MUST include the following information:

- Name of attendee
- Date of program
- Name of program
- Number of contact hours awarded
- Accreditation statement

Programs MUST be accredited by one of the following:

- Organizations, accredited by the American Nurses’ Credentialing Center – Commission on Accreditation (ANCC-COA), the credentialing body of the American Nurses’ Association
  - For example: The American Nephrology Nurses’ Association (ANNA) which is both an accredited provider and approver of continuing education in nursing
- The American Association of Critical Care Nurses (AACN)
- The Council of Continuing Education
- All State Boards of Nursing

Please be aware that although programs may meet requirements set forth by other state boards of nursing, they may not meet the Nephrology Nursing Certification Commission criteria.

Mail completed application to:

NNCC
PO Box 56
Pitman, NJ 08071-0056

If using a credit card for payment, you may fax your application to NNCC at 856-589-7463.

For more information, please visit the NNCC website at:
www.nncc-exam.org

Revised 1/2023
Steps Toward Recertification for the Certified Dialysis Nurse (CDN)

Notification/Expiration

As a courtesy, the NNCC will notify certificants at 120, 90, 60, 45, and 30 days prior to certification expiration. Ultimately it is the certificant’s responsibility to obtain the necessary application form and submit it to the NNCC before the certification expiration date. The NNCC is not responsible for undelivered mail. A recertification application may be obtained by visiting the NNCC website at www.nncc-exam.org or by calling 888.884.6622 and requesting one be mailed to you. Your completed application, appropriate forms, copies of supporting materials, and fee(s) must be submitted as required. Keep a copy of your recertification application and supporting materials for your records. Certification expires on the last day of the month, three years from the original date of certification.

Recertification Options

You may meet the recertification requirements by choosing either the examination option or the continuing education option.

1. If you elect the examination option, you may test within the year prior to expiration of your current certification. An examination application may be obtained by visiting the NNCC website at www.nncc-exam.org or by calling 888-884-6622.

2. If you elect the continuing education option, you must submit a recertification application listing the required documentation of continuing education and the recertification fee. The application for recertification must be postmarked by the last day of the month in which your certification expires to avoid a late fee. All requirements must be met during the 3-year certification period.

Eligibility Criteria

To qualify you must be a Certified Dialysis Nurse (CDN) and meet all of the eligibility requirements.

1. Must be a registered nurse holding a current, full and unrestricted license in the United States or its territories.
2. Must have at least 1500 hours experience as a registered nurse in nephrology nursing during the 3-year certification period.
   • Certificants enrolled full-time in a baccalaureate degree in nursing program may waive the work requirement for one recertification period.
   • Certificants must verify full time student status. Documentation must be on letterhead, signed by a school official, verifying matriculation and must be submitted with the recertification application.
3. Must have acquired 45 contact hours of accredited nursing continuing education credit, a minimum of fifteen (15) contact hours must be through nephrology education in the previous three (3) years.
   • Certificants who are enrolled in a health/science degree program may apply all academic coursework in lieu of nephrology nursing continuing education for one recertification period.
4. See recertification booklet for additional criteria, or visit www.nncc-exam.org/recertification/cdn.

International Eligibility Criteria:

1. Must hold a current, full, and unrestricted license as a first-level general nurse in the country in which the general nursing education was completed.
2. Must meet the eligibility criteria for licensure as a registered nurse in the United States in accordance with the requirements of the Commission on Graduates of Foreign Schools (CGFNS).
3. Must have at least 1500 hours experience as a first-level general nurse in nephrology nursing during the last three (3) years.
4. Must have acquired forty-five (45) contact hours of nephrology nursing continuing education, a minimum of fifteen (15) contact hours must be through nephrology education in the previous three (3) years.
**Fees**

Recertification application fees are non-refundable. Periodically fees are re-evaluated and adjustments may be made. Only NNCC Commissioners can authorize fee changes. The required fees are listed on the application forms.

**Verification of Certification**

If approved for recertification, certificants will receive a wallet card with expiration date within sixty (60) days of the date the National Office receives a recertification application. Replacement cards are available for a fee. Verification of valid certification credentials can be made using the NNCC Certified Directory at www.nncc.exam.org.

**Current Address**

It is the certificant’s responsibility to notify the NNCC National Office of any changes in name and/or address during the three (3) year period following certification/recertification. Notification of changes on other mailing lists, such as ANNA, will not effect a change in your recertification records.

**Inactive Status**

A Certified Dialysis Nurse (CDN) may request inactive status if he/she is unable to meet the requirements for recertification. To apply for inactive status, the certificant must complete the application for inactive status (available on the NNCC website at www.nncc-exam.org or by calling 888.884.6622), submit a letter describing the reason, and submit the fee. If approved, inactive status will be granted for only one three (3) year period. During this time, the CDN credential may not be used. In order to recertify after the three (3) year inactive period, the criteria for regular recertification must be met during the inactive status period and a recertification application must be submitted. Under no circumstance will the inactive period be extended beyond three (3) years.

**Emeritus Status**

Nurses who have maintained an active credential, who are over 50 years of age, and who have retired from active practice may apply for emeritus status. To apply for the retired credential the certificant must complete the application for Emeritus Status (available on the NNCC website at www.nncc-exam.org or by calling 888.884.6622) and submit a one-time fee. If approved, the certificant may use the emeritus credential at nephrology nursing functions to acknowledge a previous active credential and the accomplishments it signifies. If the certificant chooses to return to active practice and wishes to again hold the active credential, he/she must meet current eligibility criteria and certify by examination.
