Introduction

To qualify for recertification, a Certified Clinical Hemodialysis Technician (CCHT) must meet the eligibility requirements set forth by the Nephrology Nursing Certification Commission (NNCC). To avoid a late fee, the appropriate recertification application (contained in this booklet) must be postmarked by the last day of the month in which the certificant's certification expires.

Certification is effective for three (3) years from the last day of the month in which the certificant passed the examination. Certification must then be renewed every three (3) years. The CCHT credential may be used in all professional activities and correspondence.

The following two options are available to meet the recertification requirements:

Continuing education and clinical experience:

This booklet contains the forms and instructions to recertify by continuing education and clinical experience. To determine eligibility requirements to recertify as a CCHT, please refer to the eligibility requirements on page 7 of this booklet.

Recertification by examination:

An examination application can be obtained by visiting the NNCC website at www.nncc-exam.org or by calling 888.884.6622 and requesting one be mailed to you. When submitting the examination application for recertification, all requirements for recertifying as listed on page 7 must be met with the exception of #3, continuing education. Testing must be completed before the certification expiration date. Please refer to the Certification application, pgs. 4 and 5, for information regarding computer-based and paper/pencil testing.

Verification of Recertification

If approved for recertification, individuals will receive a wallet card with expiration date within sixty (60) days of the date the National Office receives a recertification application. Replacement wallet cards and/or wall certificates are available for a fee.

Current Address

It is the certified technician's responsibility to notify the NNCC National Office of any changes in name and/or address.

Emeritus Status

Technicians who have maintained an active credential, who are over 50 years of age, and who have retired from active practice may apply for emeritus status. To apply for the retired credential the certificant must complete the application for Emeritus Status (available on the NNCC website at www.nncc-exam.org or by calling 888.884.6622) and submit a one time fee. If approved, the certificant may use the emeritus credential at nephrology nursing functions to acknowledge a previous active credential and the accomplishments it signifies. If the certificant chooses to return to active practice and wishes to again hold the active credential, he/she must meet current eligibility criteria and certify by examination.

Fee Schedule

Recertification fees are non-refundable. Periodically fees are reevaluated and adjustments may be made. Only NNCC commissioners can authorize fee changes. To avoid a late fee, the recertification application must be postmarked by the last day of the month in which certification expires. For an additional fee a certificant may submit a recertification application after the certification expiration date, provided all eligibility criteria are met during the certification period. If an application is received less than thirty (30) days prior to expiration, it will be processed in the order received unless an expedited review is requested and an additional of $50.00 fee is included with the application.

An incomplete or illegible application will be returned to the certificant.

Continuing Education Approvers and Providers

It is recommended but not mandatory that contact hours be accredited by one of the following to be accepted toward the continuing education requirement for recertification:

- Organizations accredited by the American Nurses' Credentialing Center — Commission on Accreditation (ANCC-COA), the credentialing body of the American Nurses' Association
  - For example, The American Nephrology Nurses' Association (ANNA), which is both an accredited provider and approver of continuing education in nursing
  - The American Association of Critical-Care Nurses (AACN)
  - The Council of Continuing Education
  - California, Florida, Kansas, Ohio, and Iowa State Boards of Nursing*
    - For example, the National Association of Nephrology Technicians/Technologists (NANT) programs when approved by the California State Boards of Nursing

* Please be aware that although programs meet requirements set forth by other state boards of nursing, they may not meet the Nephrology Nursing Certification Commission criteria.

* All continuing education should be relevant to the dialysis technician scope of practice.
Acceptable Continuing Education

Nephrology programs
These programs must be relevant to the dialysis technician scope of practice. Credit will be given according to the number of contact hours awarded.

Academic credit
Includes all course work in academic programs leading to a baccalaureate in nursing degree. It is not necessary that the course content be relevant to the dialysis technician scope of practice. Five (5) contact hours will be assigned for one (1) semester credit. Three (3) contact hours will be assigned for one (1) quarter credit.

Denial, Suspension, or Revocation of Certification/Recertification
The occurrence of any of the following actions will result in the denial, suspension, or revocation of the certification:

- Failure to meet all eligibility criteria for certification/recertification
- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Any restrictions such as revocation, suspension, probation, or other sanctions of professional RN license by a nursing authority
- Misrepresentation of certification status
- Cheating on the examination
- Applicable state and/or federal sanctions brought against the certificant
- Failure to meet continuing education criteria
- Failure to meet work experience requirements

The NNCC reserves the right to investigate all suspected/reported violations and, if appropriate, notify the applicant/certificant's employer/State Board of Nursing.

The applicant/certificant will be notified in writing of NNCC's decision(s)/action(s).

Appeal Process
An individual who has been denied certification, failed an examination, or had certification revoked has the right of appeal. This appeal must be submitted in writing to the President of the NNCC within thirty (30) days of notification. The appeal shall state specific reasons why the individual feels entitled to certification. At the individual's request, the President shall appoint a committee of three (3) NNCC members who will meet with the individual and make recommendations to the NNCC. The committee will meet in conjunction with a regularly scheduled NNCC meeting. The individual will be responsible for his/her own expenses. The final decision of the NNCC will be communicated in writing to the individual within thirty (30) days following the NNCC meeting. Failure of the individual to request an appeal or appear before the committee shall constitute a waiver of the individual's right of appeal.

Emeritus Status Application

Nephrology Nursing Certification Commission
Emeritus Status Application

To obtain Emeritus status, the applicant must meet the following criteria: the certificant must be older than 50 years of age, must have previously held an NNCC credential, and must not be actively practicing.

If approved, the certificant may use the Emeritus credential to acknowledge previous attainment of the active credential and the accomplishments it signifies in correspondence and in attendance at nephrology related events.

If the certificant chooses to return to practice and wishes to reacquire the active credential he/she must meet current eligibility criteria and again certify by examination.

INSTRUCTIONS

Complete the application for Emeritus status and submit a copy of your government issued photo ID. Please print or type all information requested. The application must be completed and signed to be processed. Applications for Emeritus Certification Status must be received prior to the certification expiration date, no later than the last day of the month in which your certification expires.
