**Introduction**

To qualify for recertification, a Certified Clinical Hemodialysis Technician Advanced (CCHT-A) must meet the eligibility requirements set forth by the Nephrology Nursing Certification Commission (NNCC). To avoid a late fee, the appropriate recertification application (contained in this booklet) must be postmarked by the last day of the month in which the certificant's certification expires.

Certification is effective for three (3) years from the first day of the month in which the certificant passed the examination. Certification must be renewed every three (3) years. The CCHT-A is a national credential that may be used in all professional activities and correspondence.

The following two options are available to meet the recertification requirements:

**Continuing education and clinical experience:**

This booklet contains the forms and instructions to recertify by continuing education and clinical experience. To determine eligibility requirements to recertify as a CCHT-A, please refer to the eligibility requirements on page 7 of this booklet.

**Recertification by examination:**

A recertification by examination application can be found on page 15 of this booklet. When submitting the examination application for recertification, all requirements for recertification must be met except for #3, continuing education. Testing must be completed before the certification expiration date to avoid a lapse in certification status.

**Verification of Recertification**

If approved for recertification, individuals will receive a wallet card with expiration date within sixty (60) days of the date the National Office receives a recertification application. Replacement wallet cards and/or wall certificates are available for a fee.

**Current Address**

It is the certified technician's responsibility to notify the NNCC National Office of any changes in name and/or address.

**Emeritus Status**

Technicians who have maintained an active credential, who are over 50 years of age, and who have retired from active practice may apply for emeritus status. To apply for the retired credential the certificant must complete the application for Emeritus Status (available on the NNCC website at www.nncc-exam.org or by calling 888.884.6622) and submit a one time fee. If approved, the certificant may use the emeritus credential at nephrology nursing functions to acknowledge a previous active credential and the accomplishments it signifies. If the certificant chooses to return to active practice and wishes to again hold the active credential, he/she must meet current eligibility criteria and certify by examination.

**Fee Schedule**

Recertification application fees are non-refundable. Periodically fees are reevaluated and adjustments may be made. Fees can only be adjusted by a vote of the NNCC Commission. To avoid a late fee, the recertification application must be postmarked by the certification expiration date. For an additional (late) fee a certificant may submit a recertification application after the certification expiration date, provided all eligibility criteria are met during the certification period. Applications are processed in order of receipt. It may take up to eight (8) weeks from date of receipt of an application to be reviewed. Expedited applications will be processed within 14 business days from date of receipt with an additional expedited fee included.

**Continuing Education Approvers and Providers**

It is strongly recommended but not mandatory that thirty (30) contact hours be accredited by one of the following to be accepted toward the continuing education requirement for recertification: Ten (10) of the required thirty (30) contact hours must be approved.

- Organizations accredited by the American Nurses’ Credentialing Center — Commission on Accreditation (ANCC-COA), the credentialing body of the American Nurses’ Association
  - For example, The American Nephrology Nurses’ Association (ANNA), which is both an accredited provider and approver of continuing education in nursing
- The American Association of Critical-Care Nurses (AACN)
- The Council of Continuing Education
- California, Florida, Kansas, Ohio, and Iowa State Boards of Nursing*
  - For example, the National Association of Nephrology Technicians/Technologists (NANT) programs when approved by the California State Boards of Nursing
- A minimum of ten (10) contact hours must be nephrology specific. Ten (10) of the required thirty (30) contact hours must be approved.

**NOTE:**

Ten (10) of the required thirty (30) contact hours must be approved.

* Please be aware that although programs meet requirements set forth by other state boards of nursing, they may not meet the Nephrology Nursing Certification Commission criteria.
Acceptable Continuing Education

Nephrology programs
These programs must be relevant to the advanced dialysis technician scope of practice. Credit will be given according to the number of contact hours awarded.

Academic credit
Includes all course work credits earned during the 3-year certification period while enrolled in the Baccalaureate in Nursing degree program. It is not necessary that the course contact be relevant to nephrology. Five (5) contact hours will be assigned for one (1) semester credit. Three (3) contact hours will be assigned for one (1) quarter credit.

*NNCC will assign a maximum of 15 contact hours for course credits earned through Anatomy & Physiology if course credits were earned during the 3-year certification period.

Independent study
These programs include continuing education designed for independent study such as journal articles or website articles. Credit will be given according to the number of contact hours awarded to each offering.

Please retain all contact hour certificates in your personal files.
If using academic credit, please be prepared to provide an official transcript.

Denial/Revocation of Certification

The occurrence of any of the following actions will result in the denial, suspension, or revocation of the certification:
- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Misrepresentation of certification status
- Cheating on the examination
- Applicable state and/or federal sanctions brought against the certificant
- Failure to meet continuing education criteria
- Failure to meet work experience requirements
- Failure to comply with state regulations where applicable

The NNCC reserves the right to investigate all suspected/reported violations and, if appropriate, notify the certificant's employer/state agency.

The certificant will be notified in writing of the NNCC's decision(s)/action(s).

Appeal Process

An individual who has been denied certification or had a certification credential revoked has the right of appeal. This appeal must be submitted in writing to the President of NNCC within thirty (30) days of notification. The appeal shall state specific reasons why the individual feels entitled to certification. At the individual's request, the President shall appoint a committee of three (3) NNCC Commissioners who will meet with the individual and make recommendations to the NNCC. The committee will meet in conjunction with a regularly schedule NNCC Board of Commissioners meeting. The individual will be responsible for their own expenses. The final decision of the NNCC will be communicated in writing to the individual within thirty (30) days following the NNCC meeting. Failure of the individual to request an appeal or appear before the committee shall constitute a waiver of the individual's right of appeal.

Letters of appeal should be sent to the President at the NNCC National Office:
