Revised 2/18
**Inactive Status**

A certified nurse may request inactive status if he/she is unable to meet the requirements for recertification. To apply for inactive status, the certificant must complete the application for inactive status (page 23 of this booklet) and submit a letter describing the reason. If approved, inactive status will be granted for one three (3) year period. During this time, the CD-LPN/LVN credential may not be used. In order to recertify after the three (3) year inactive period, the criteria for regular recertification must be met and a recertification application must be submitted. Under no circumstance will the inactive period be extended beyond three (3) years.

**Emersitus Status**

Nurses who have maintained an active credential, who are over 50 years of age, and who have retired from active practice may apply for emeritus status. To apply for the retired credential the certificant must complete the application for Emeritus Status (page 27 of this booklet) and submit a one time fee. If approved, the certificant may use the emeritus credential at nephrology nursing functions to acknowledge a previous active credential and the accomplishments it signifies. If the certificant chooses to return to active practice and wishes to again hold the active credential, he/she must meet current eligibility criteria and certify by examination.

**Fee Schedule**

Recertification fees are non-refundable. Periodically fees are reevaluated and adjustments may be made. Only NNCC commissioners can authorize fee changes. To avoid a late fee, the recertification application must be postmarked by the last day of the month in which certification expires. For an additional fee a certificant may submit a recertification application after the certification expiration date, provided all eligibility criteria are met during the certification period. If an application is received less than thirty (30) days prior to expiration, it will be processed in the order received unless an expedited review is requested and an additional of $50.00 fee is included with the application.

An incomplete or illegible application will be returned to the certificant.

**Verification of Recertification**

If approved for recertification, individuals will receive a wallet card with expiration date within sixty (60) days of the date the National Office receives a recertification application. Replacement wallet cards and/or wall certificates are available for a fee.

**Current Address**

It is the certified nurse’s responsibility to notify the NNCC National Office of any changes in name and/or address.
**Denial/Revocation of Certification**

The occurrence of any of the following actions will result in the denial, suspension, or revocation of the certification:

- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Any restrictions such as revocation, suspension, probation, or other sanctions of professional LPN/LVN license by a nursing authority
- Misrepresentation of certification status
- Cheating on the examination
- Applicable state and/or federal sanctions brought against the certificant
- Failure to meet continuing education criteria
- Failure to meet work experience requirements

The NNCC reserves the right to investigate all suspected/reported violations and, if appropriate, notify the certificant's employer/State Board of Nursing.

The certificant will be notified in writing of NNCC's decision(s)/action(s).

**Appeal Process**

A certificant who has been denied certification, failed an examination, or had his/her certification revoked has the right of appeal. This appeal must be submitted in writing to the President of the NNCC within thirty (30) days of being notified. The appeal shall state specific reasons why the certificant feels entitled to certification. At the certificant's request, the President shall appoint a committee of three NNCC members who will meet with the certificant and make recommendations to the NNCC. The committee will meet in conjunction with a regularly scheduled NNCC meeting. The certificant will be responsible for his/her own expenses. The final decision of the NNCC will be communicated in writing to the certificant within thirty (30) days of the NNCC meeting. Failure of the certificant to request an appeal or appear before the committee shall constitute a waiver of the certificant's right of appeal.

**Continuing Education Approvers and Providers**

It is recommended but not required that continuing education be approved by one of the following:

- Organizations accredited by the American Nurses’ Credentialing Center — Commission on Accreditation (ANCC-COA), the credentialing body of the American Nurses’ Association
  - For example, The American Nephrology Nurses’ Association (ANNA), which is both an accredited provider and approver of continuing education in nursing
- The American Association of Critical-Care Nurses (AACN)
- The Council of Continuing Education
- California, Florida, Kansas, Ohio, and Iowa State Boards of Nursing*

* Please be aware that although programs meet requirements set forth by other state boards of nursing, they may not meet the Nephrology Nursing Certification Commission criteria.

**Acceptable Continuing Education**

**Nephrology programs**

These programs must be specific to nephrology nursing practice. Credit will be given according to the number of contact hours awarded. Certified nurses who present nephrology programs that are awarded continuing education credit will receive credit for the number of contact hours awarded for the presentation.

**Academic credit**

Includes all course work in academic programs leading to a baccalaureate in nursing. It is not necessary that the course content be nephrology nursing concepts. Five (5) contact hours will be assigned for one (1) semester credit. Three (3) contact hours will be assigned for one (1) quarter credit.

Certificants enrolled full time in a baccalaureate degree in nursing program may apply all academic coursework in lieu of nephrology nursing continuing education for one recertification period.

**Independent study**

These programs include continuing education designed for independent study such as journal articles or website articles. Credit will be given according to the number of contact hours awarded to each offering.

Please retain all contact hour certificates in your personal files.

If using academic credit, please be prepared to provide an official transcript.
Commonly Asked Questions

Q: I have returned to school to work on my non-nursing baccalaureate or master’s degree. Will courses I take while working on my degree meet the criteria for recertification?
A: Courses for non-nursing college degree programs do not qualify as continuing education in nephrology nursing. Certificants pursuing a baccalaureate degree in nursing can use academic credit toward CD-LPN/LVN.

Q: I am able to meet the requirements for recertification but failed to submit my application by my expiration date. Can I still recertify?
A: Yes, as long as the requirements for recertification were fulfilled before your expiration date, your application may be submitted late with a late fee.

Q: I attended a nephrology program that offered continuing medical education (CME) credit, but not nursing contact hours. Will this meet the criteria for recertification?
A: No, the contact hour certificate must state that the program is continuing education in nursing.

Q: Do all nephrology nursing contact hours have to be awarded by ANNA?
A: No, however, ANNA is an excellent resource for nephrology nursing educational programs. In addition, ANNA offers contact hours through audio-conferences and continuing education articles for independent study. ANNA is an accredited provider and approver of continuing education by the American Nurses’ Credentialing Center – Commission on Accreditation (ANCC-COA).

Other nursing groups also provide quality programs. Programs approved for contact hours by any of the approvers and providers listed on page 4 of this booklet are acceptable.

Q: I sat for the certification exam on the 15th of the month and attended a continuing education program over the next three (3) days. Now that I have passed the exam, will I be able to use the approved contact hours from that program for recertification?
A: Yes, approved programs attended within the same month the exam was taken will be accepted for the first recertification period following initial certification.

Q: I submitted my recertification application in April and my certification expires in June. In May I attended an educational program awarding nursing contact hours. Can I use those contact hours for my next recertification cycle in three (3) years?
A: No, contact hours earned during the period of your certification can be used only during the current recertification period.

Q: What will happen if I am unable to meet the continuing education requirements for recertification?
A: In an effort to retain your credential, you may certify by retaking the examination. Another option is to apply for inactive status. See pages 19-20 of this booklet for information on inactive status.
