Revised 9/19
Inactive Status

A certified nurse may request inactive status if he/she is unable to meet the requirements for recertification. To apply for inactive status, the certificant must complete the application for inactive status (page 23 of this booklet) and submit a letter describing the reason. If approved, inactive status will be granted for one three (3) year period. During this time, the CDN credential may not be used. In order to recertify after the three (3) year inactive period, the criteria for regular recertification must be met and a recertification application must be submitted. Under no circumstance will the inactive period be extended beyond three (3) years.

Emeritus Status

Nurses who have maintained an active credential, who are over 50 years of age, and who have retired from active practice may apply for emeritus status. To apply for the retired credential the certificant must complete the application for Emeritus Status (page 27 of this booklet) and submit a one time fee. If approved, the certificant may use the emeritus credential at nephrology nursing functions to acknowledge a previous active credential and the accomplishments it signifies. If the certificant chooses to return to active practice and wishes to again hold the active credential, he/she must meet current eligibility criteria and certify by examination.

Fee Schedule

Recertification application fees are non-refundable. Periodically fees are reevaluated and adjustments may be made. Fees can only be adjusted by a vote of the NNCC Commission. To avoid a late fee, the recertification application must be postmarked by the certification expiration date. For an additional (late) fee a certificant may submit a recertification application after the certification expiration date, provided all eligibility criteria are met during the certification period. Applications are processed in order of receipt. It may take up to eight (8) weeks from date of receipt of an application to be reviewed. Expedited applications will be processed within 14 business days from date of receipt with an additional expedited fee included.
Certificants enrolled in graduate nursing degree programs (master's or higher) may apply only nephrology related coursework toward the contact hour requirement.

Multimedia program development
Includes the preparation of program content and script of videotapes, audiotapes, or computer generated discs. The program must be relevant to nephrology and be awarded continuing education credit in nursing. The production of one program equals five (5) contact hours.

Independent study
These programs include continuing education designed for independent study such as journal articles or website articles. Credit will be given according to the number of contact hours awarded to each offering.

Please retain all contact hour certificates in your personal files.
If using academic credit, please be prepared to provide an official transcript.

Denial/Revocation of Certification
The occurrence of any of the following actions will result in the denial, suspension, or revocation of the certification:
- Falsification of the NNCC application
- Falsification of any materials or information requested by the NNCC
- Any restrictions such as revocation, suspension, probation, or other sanctions of professional RN license by a nursing authority
- Misrepresentation of certification status
- Cheating on the examination
- Applicable state and/or federal sanctions brought against the certificant

The NNCC reserves the right to investigate all suspected/reported violations and, if appropriate, notify the certificant's employer/State Board of Nursing.

The certificant will be notified in writing of NNCC's decision(s)/action(s).

Appeal Process
An individual who has been denied certification or had a certification credential revoked has the right of appeal. This appeal must be submitted in writing to the President of NNCC within thirty (30) days of notification. The appeal shall state specific reasons why the individual feels entitled to certification. At the individuals request, the President shall appoint a committee of three (3) NNCC Commissioners who will meet with the individual and make recommendations to the NNCC. The committee will meet in conjunction with a regularly schedule NNCC Board of Commissioners meeting. The individual will be responsible for their own expenses. The final deci-
Commonly Asked Questions

Q: Do all nephrology nursing contact hours have to be awarded by ANNA?
A: No, however, ANNA is an excellent resource for nephrology nursing educational programs. In addition, ANNA offers contact hours through audio-conferences and continuing education articles for independent study. ANNA is an accredited provider and approver of continuing education by the American Nurses’ Credentialing Center – Commission on Accreditation (ANCC-COA).

Other nursing groups also provide quality programs. Programs approved for contact hours by any of the approvers and providers listed on page 4 of this booklet are acceptable.

Q: I sat for the certification exam on the 15th of the month and attended a continuing education program over the next three (3) days. Now that I have passed the exam, will I be able to use the approved contact hours from that program for recertification?
A: Yes, approved programs attended within the same month the exam was taken will be accepted for the first recertification period following initial certification.

Q: I submitted my recertification application in April and my certification expires in June. In May I attended an educational program awarding nursing contact hours. Can I use those contact hours for my next recertification cycle in three (3) years?
A: No, contact hours earned during the period of your certification can be used only during the current recertification period.

Q: What will happen if I am unable to meet the continuing education requirements for recertification?
A: In an effort to retain your credential, you may certify by retaking the examination. Another option is to apply for inactive status. See page 17 of this booklet for information on inactive status.

Q: I attended a nephrology program that offered continuing medical education (CME) credit, but not nursing contact hours. Will this meet the criteria for recertification?
A: No, the contact hour certificate must state that the program is continuing education in nursing.

Q: I am the second author of a nephrology nursing article published in a recognized professional journal. Do I receive credit for professional publications?
A: Yes, if you are listed as an author, you receive full credit, which is forty-five (45) contact hours.

Certification Commission
**CDN U.S. Eligibility Criteria**

1. Certificant must be a registered nursing holding a current, full and unrestricted license in the United States or its territories and hold the CDN credential.

2. Certificant must have at least 1500 hours of work experience within the previous three years as a registered nurse practicing in the specialty of nephrology nursing and caring for patients who require or may require dialysis, or educating/supervising staff who care for patients who require or may require dialysis.

3. Continuing education must include forty-five (45) hours of approved education credits earned within the three (3) year certification period. A minimum of ten (10) contact hours must be nephrology specific.
   - Certificants enrolled full time in a baccalaureate in nursing degree program may apply all academic coursework in lieu of nursing continuing education for one recertification period.
   - Certificants enrolled in a graduate nursing degree program (master's or higher) may apply only nephrology related coursework toward the contact hour requirement.
   - Continuing education criteria is not required for recertification by examination.

All continuing education and defined clinical experience requirements must be met in order to recertify as a CDN. The NNCC does not preapprove continuing education and the NNCC does not maintain a list of approved continuing education offerings.

No individual shall be excluded from the opportunity to participate in the NNCC certification program on the basis of race, ethnicity, national origin, religion, marital status, gender, sexual orientation, gender identity, age or disability.

---

**CDN International Eligibility Criteria**

1. Certificant must hold a current, full, and unrestricted license as a first-level general nurse in the country in which the general nursing education was completed.

2. Certificant must have at least 1500 hours of experience within the previous three (3) years as a first level general nurse practicing in the specialty of nephrology nursing and caring for patients who require or may require dialysis, or educating/supervising staff who care for patients who require or may require dialysis.

3. Certificant must have acquired forty-five (45) contact hours of nursing continuing education a minimum of 15 specific to nephrology in the previous three (3) years.

---

**CDN Contact Hour Certificates**

Contact hour certificates must include the following information to be acceptable for recertification:

- Name of attendee
- Date of program
- Name of program
- Number of contact hours awarded
- Accreditation statement (see Continuing Education Approvers and Providers on page 4)

Only submit programs where contact hour certificates have been provided and contact hours have been awarded.

It is not necessary to include copies of contact hour certificates with the recertification application, unless you have been notified that you have been selected for a random audit. Keep all certificates for your records in case any one is requested upon review of your application.
